4) When should your young person start receiving communion?

In the Episcopal church, the prerequisite for coming to the communion rail is baptism. Beyond that basic requirement, there is a great variation of ages throughout the Episcopal church and the Anglican communion. At St. Martins, we give children who have been baptized the bread and/or wine of the Eucharist if the child extends his/her hands and the parents confirm that choice with a nod. We do this trusting in the grace of the Holy Sacrament working in the child's life and trusting that our programs of faith formation will instruct the children in age appropriate ways.

Would anyone in your family like to begin receiving communion?
